

CLOTH DIAPERS, BANJA LUKA

Project title	Production of the baby cloth diapers with ECO mark	
Sector	Textile industry	
Location	Banjalučka, RS, BiH	
Project background	The project proponent is a graduated textile designer with many years of experience in the textile industry ("Svila" Celinac, "Devic Tekstil" Teslic). The company is currently in the process of establishment and the main activity will be production of ecological, modern cloth diapers for babies. In addition to this the company will produce other products for babies (blankets, etc.) and wholesale natural production materials (flannel, fleece, pool, hemp, bamboo).	
Project status	Business idea & Business Plan	
Project description	The owner of the business idea will design the products, prepare the sketches and drawings, coordinate model development, and control creation of test series. The sewing professionals (10-20) in industrial plants will perform serial production, correct any errors, and do the packing and preparation of finished products for distribution at the market. The strategic partner is supposed to organize supply of the raw materials, marketing activities and sales of finished products.	
Estimated total investment cost	app 50 000 EUR	
Inputs provided by local partner	Rented plant in Slatina, 10 km away from Banja Luka	
Inputs required from foreign partner	Value	Description
	40 000 EUR	Investment in machinery, equipment and initial working capital
Form of cooperation with foreign partner	Joint venture
